## INTRODUCTION

April 29, 2005

In order to obtain a more accurate picture of the employment rates and post-baccalaureate studies of Wittenberg graduates, the Career Center implemented a new placement survey for the Class of 2003. These graduates were surveyed one year after graduation to allow for voluntary delays in obtaining employment as well as the job shifting that tends to occur in the year following graduation.

As you review the report, you will notice a number of summaries that are new additions to the report previously prepared by the Career Center. Included among these are:

- Satisfaction with Career Status
- Employment by Geographic Location (including Ohio counties)
- Summary of Field Experiences

In keeping with the high placement rates of past Wittenberg University graduates, the Class of 2003 had an overall placement rate of 95.2% as defined by the number of those working full-time, enrolled in a post-baccalaureate program, or voluntarily unemployed. Additional report highlights include 88.3% indicated they were *very satisfied* or *satisfied* with their career status, 51.7% of those working full-time were employed in Ohio, and 33.9% reported completing a field experience beyond the required Community Service requirement.

This report would not have been possible without the assistance of 1) the academic departments that shared data on the graduates who did not respond to our survey, 2) the Computing Center for making needed program changes to Hal, and 3) Teresa Cantrell, the Career Center's Administrative Asst., for the clerical support needed to prepare this document.

I welcome your response to this report and hope you find the information both interesting and informative.

Sincerely,

Stephanie Ford, Ph.D.  
Director, Career Center

Employment and Post-Baccalaureate Program Status by Major at Wittenberg.....6

Employment and Post-Baccalaureate Program Status by Geographic Location.....7-8

## SUMMARY STATISTICS: CLASS OF 2003

	#	%
# of Graduates	408	
# Responding to Career Center Survey	121	
# Reported by Academic Departments*	47	
# Employed Full-Time	116	69
Employed Part-Time by Choice	0	
Voluntarily Unemployed/Not Seeking Work	1	<1
Enrolled in a Post-Baccalaureate Program	43	25.6
Total Placements**	160	95.2
Enrolled and Employed	14	8.3
Accepted/Deferring Attendance to a Post-Baccalaureate Program	5	3.0
Employed Part-Time/Seeking Full-Time Employment	6	3.6
Unemployed/Seeking Work	2	1.2

\*Each department was asked to provide data on their graduates who did not respond to the survey. Specifically, they were asked the following questions:

For those who went on to graduate or professional school,

- What are they studying and where are they attending?

For those who found *full-time* employment,

- Where are they employed and what is their job title?

Based on departmental input, placement information on 47 graduates was added to the data set bringing the response count to 168.

\*\*Because some graduates indicated that they fit into more than one category, total placement is defined using the categories that had mutually exclusive counts: Employed Full-Time, Enrolled in a Post-Baccalaureate Program and Voluntarily Unemployed.

## **Chapter 5: Summary of Field Work Experiences**

Graduates were asked to list any field experiences they had aside from the Community Service Requirement. Of the 75 who responded to this question (see item #19), 41 reported completing one experience while 21 reported two experiences and 13 reported three experiences. The categories used to describe those experiences are below. Note: These categories are not mutually exclusive. For example, one respondent checked the following categories to describe one experience: Credit Bearing Internship, Research Project Outside of Wittenberg, and Volunteer Position. Among all, 11.8% were offered a job by a site where they did their field work.

<b>Field Experience Type</b>	<b>Experience #1</b>	<b>Experience #2</b>	<b>Experience #3</b>

## **Appendix: Career Status Survey**

Dear 2003 Graduate,

It is hard to believe that it has been a year since the Class of 2003 became Wittenberg alumni! We need information about what you have been doing this past year. **By updating us you'll be eligible for a \$50 prize** (see details below). The information we collect from the following survey is used in various university reports and it allows us to update the Career Center's files. You may have completed a similar questionnaire shortly after graduation, but the following survey is very important because the standard time line used by universities to collect career status data is one year after graduation.

On average, it takes 10 minutes to complete all relevant items. The various sections of the survey pertain to different career situations – most grads will find that only a portion of the survey items apply to their individual situations. For instance, if you did not apply to graduate school, you can skip four items.

Thanks for your prompt response! All completed surveys that are received by **July 9, 2004** will be entered into a drawing for gift cards from national retailers. Three prizes will be awarded, and the winners can choose from gift cards from Home Depot, Best Buy, or Target. The top prize is a \$50 gift card. The second and third place winners will each receive a \$25 gift card.

We greatly appreciate your assistance. Questions about the survey should be directed to me at 937-327-7521 or careers@wittenberg.edu.

Sincerely,

Stephanie Ford, Ph.D.  
Director, Career Center
